ACKNOWLEDGMENTS

Alhamdulillahirabbi ‘alamin, the writer would like to express her deepest gratitude by saying thank to Allah SWT for the blessing given to her so that she could compose and finish this thesis. Sholawat and Salam are always sent to Rosulullah Muhammad SAW who has brought us from the darkness to the bright life.

This thesis would not come to its final form without generous help, support, advice and prayers of the following people. First of all, she would like to express her deepest gratitude for her first advisor, Mrs. Fardini Sabilah, M.Pd, and her second advisor, Mr. Puji Sumarsono, M.Pd, for their guidance, comments, times and patients during advising the writer until the thesis is complete.

The writer also would like to express her special thanks to her beloved parents, Pak and Bu Ahmad, her siblings, brothers in law and her friends for their pray, love, care and motivation so that she can finish this thesis.

Malang, April 2013
The writer,

Marfua Zainun
TABLE OF CONTENTS

APPROVAL ........................................................................................................ ii
LEGALIZATION ............................................................................................... iii
MOTTO AND DEDICATION ........................................................................... iv
ABSTRACT .......................................................................................................... v
ACKNOWLEDGMENTS .................................................................................. vi
TABLE OF CONTENTS ................................................................................... vii

CHAPTER I INTRODUCTION

1.1. Background of study .............................................................................. 1
1.2. Statement of Problem ........................................................................... 5
1.3. Purposes of Study .................................................................................. 6
1.4. Significance of the Study ....................................................................... 6
1.5. Scope and Limitation ............................................................................ 6
1.6. Definition of key terms .......................................................................... 7

CHAPTER II REVIEW OF RELATED LITERATURE
