ACKNOWLEDGMENTS

Alhamdulillahi robi’l ‘alamin, until this achievement point, the writer will soon graduate. Writing a thesis is not merely finishing the academic duty but it is more than a record of four-year studying in University of Muhammadiyah Malang. Therefore, the writer would like to say her gratitude only to Allah SWT. For His majesty, the writer can finish her study in undergraduate program well. Second, the writer will say enormous love to her parents (Mr. Sukarma Fahmy Abdoeh and Mrs. Siti Rochmah), young brother (Eki Syauqi Muhammad) and sister (Raysa Khwarena Farah) for their support, pray, and love. Without them, the writer has nothing to do in this life. Indeed, the happiest moment is always being with them. Third, definitely, this thesis cannot be completed without any guidance, help, and support from my two honor advisors: Mrs. Rina Wahyu Setyaningrum, M.Ed, the one who is always patient making correction and giving some inputs. The writer feels comfortable to discuss and share anything related to her thesis composition; Mrs. Riza Elfana, MA, the one who kindly gives the writer fresh new viewpoint regarding to her research. The writer feels has a nice discussion with her. For this, the writer would like to say thousand thanks to both advisors for their time, energy, and of course love.

Furthermore, during her study in this university, the writer’s academic intellectual will never been developed without friends’ support in several organizations. Bestari, HMI-KIP, Infokom are the second campus to get more knowledge and to have a nice sharing. The writer would like to say thanks to Mr. Nurudin, M.Si and Bestari crew. Even though during the writer busy activity in composing this thesis, they still believe in the writer to be the Managing Editor of Bestari. Then, the writer would like to say her honor to Mr. Muhammad Nasar, ST who always permits and gives the writer a chance to have thesis guidance in the midst of her work in translating the website. Next, the writer’s love is also dedicated to her seniors and juniors in HMI-KIP. Last but not least, the writer addresses her longing for her dorm’s mates since their accompanying for four years staying in the green dorm; thank you Santi, Nova, Sabrina, Dian, Kiki, Zeze, and Rani. Thanks to Mbak Nur Alifah who kindly gives some inputs for this thesis and thanks for the friendship. Finally, thanks a lot for all kindness also handed to all friends who always stay hand in hand along four-year lecture that the writer cannot tell them one by one especially for the whole friends in English Department 2008.

MOTTO AND DEDICATION

Alhaqqu min rabbika fala takunanna min al-mumtariina

(Al-Baqoroh:147)

“The truth is from the God; so be not all in doubt” (Al-Baqoroh: 147)

Attoriqoh ahammu min al-maaddah (Mahfudzat)

Proses lebih baik daripada hasil. Walau manusia mencapai hasil yang sama, proses yang dilalui tentunya berbeda. Bahwasannya Allah melihat proses dan usaha yang dilalui oleh hamba-Nya ketimbang sekadar melihat pada hasil yang dicapai.

DEDICATION:

I dedicated this thesis to:
My beloved family and my lovely friends.

## CHAPTER I INTRODUCTION

1.1 Background of the Study .................................................. 1

1.2 Statement of the Problems .................................................. 3

1.3 Purposes of the Study ...................................................... 4

1.4 Significance of the Study .................................................. 4

1.5 Scope and Limitation .......................................................... 4

1.6 Definition of Key Terms ..................................................... 5

## CHAPTER II REVIEW OF RELATED LITERATURE

2.1 The Sound of Language..................................................... 6

2.1.1 Pronunciation ............................................................... 7

2.1.1 Phonetics ................................................................. 8

2.2 The Sound Pattern of Language ........................................... 9

2.2.1 Phonology ................................................................. 9

2.2.2 Phoneme ................................................................. 10

2.2.2.1 Phones and Allophones ............................................ 12

2.2.2.2 Minimal Pairs and Sets ........................................... 12

2.2.2.3 Phonotactics .......................................................... 13

2.2.2.4 Syllables and Clusters .............................................. 13

2.2.2.5 Co-articulation ....................................................... 14

2.2.2.5.1 Assimilation ...................................................... 15

2.2.2.5.2 Elision ............................................................. 15

2.3 Vowel and Consonant ...................................................... 16

2.3.1 The English Vowel System .......................................... 16

2.3.2 Vowel Length ............................................................ 17

2.3.2.1 English Short Vowels ............................................ 17

2.3.2.3 English Long Vowels ............................................ 19

2.3.2 Diphthongs .............................................................. 19

2.3.2.3 Triphthongs ........................................................ 21

2.4 Phonology of Bahasa Indonesia ......................................... 22

2.4.1 The Vowel Phonemes of Bahasa Indonesia ......................... 23

2.4.1.1 Diphthongs ........................................................ 24

2.4.2 The Vowel Phoneme Realization of Bahasa Indonesia ........... 24

2.5 The International Phonetic Alphabet (IPA) .......................... 28

2.5.1 Phonetic Transcription ............................................... 29

2.5.2 Phonemic Transcription .............................................. 30
CHAPTER III RESEARCH METHODOLOGY

3.1 Research Design........................................................................................................ 32
3.2 Research Object........................................................................................................ 32
3.3 Data Collection......................................................................................................... 34
    3.3.1 Research Instrument......................................................................................... 34
    3.3.2 Procedure of Data Collection........................................................................ 35
3.4 Data Analysis............................................................................................................ 35

CHAPTER IV RESEARCH FINDINGS AND DISCUSSION

4.1 Research Findings .................................................................................................... 36
    4.1.1 Vowel Phonemic Transcription Found in the Selected
         English Books for Children Compared to IPA.................................................. 36
    4.1.2 An Analysis of Sound Representation of Vowel Phonemic
         Transcription Found in Selected English Books for Children
         Based on IPA...................................................................................................... 37
4.2 Discussion................................................................................................................ 39

CHAPTER V CONCLUSIONS AND SUGGESTIONS

5.1 Conclusions.............................................................................................................. 42
5.2 Suggestions.............................................................................................................. 43
