MOTTO

Life and problem are things placed contiguously
I shouldn’t have to cage myself instead, and be in crowd of tears, scared,
disappointment, sadness, madness, and anything I shouldn’t have to
I should have to believe that rainbow is what thing comes after the rain.
There, you begin a real Life.

This thesis is dedicated to:

- My beloved parents Mr. Miftakhul Huda and Mrs. Maria
- My lovely brother and sister
- My grandfather and grandmother
- All my adorable friends
ACKNOWLEDGMENT

Praise be to Allah the lord of the world who has guided the writer with all his blessing in the process of finishing this thesis. May sholawat and salam always be given to our prophet Muhammad SAW who has brought the changes from stupidity era to cleverness era, namely Islam.

The process of finishing this thesis incriminates the involvement of many people. Here, the writer would like to give his gratitude to the former who has provided his willingness to finish this thesis, includes:

## CHAPTER I: INTRODUCTION

1.1 Background of the Study ............................................................. 1
1.2 Statement of Problem ............................................................. 4
1.3 Hypothesis .............................................................................. 5
1.4 Purpose of the Study ............................................................. 5
1.5 Significance of the Study ....................................................... 5
1.6 Scope and Limitation of the Study ......................................... 6
1.7 Definition of Key Terms ......................................................... 6

## CHAPTER II: REVIEW OF RELATED LITERATURE

2.1 Teaching English ........................................................................ 7
2.2 Teaching Reading ........................................................................ 9
2.3 Teaching Method ........................................................................ 10
  2.3.1 Kind of Method ............................................................. 11
    2.3.1.1 Grammar Translation Method ............................ 11
    2.3.1.2 Direct Method .................................................. 12
    2.3.1.3 Audio–Lingual Method ................................. 13
    2.3.1.4 Cooperative Learning Method ....................... 14
2.4 Approach ................................................................................. 16
  2.4.1 Kind of Approach .......................................................... 16
    2.4.1.1 Communicative Approach ......................... 17
    2.4.1.2 Lexical Approach ........................................ 18
2.5 Approach and Method ............................................................. 18
2.6 Cooperative-communicative Learning ................................. 19
CHAPTER III: RESEARCH METHODOLOGY .............................................. 25

3.1 Research Design ........................................................................ 25
3.2 Population and Sample ............................................................. 27
3.3 Data & Data Collection ............................................................. 28
   3.3.1 The data of the study ....................................................... 28
   3.3.2 The Source of Data ....................................................... 28
   3.3.3 The Instrument to Collect the Data ................................. 29
   3.3.4 The Step of Collecting the Data ..................................... 29
3.4 Data Analysis .......................................................................... 33

CHAPTER IV: FINDING AND DISCUSSION .......................................... 35

4.1 Research Finding ..................................................................... 35
   4.1.1 The Result of Pre-test .................................................... 35
   4.1.2 The Result of Post-test ................................................... 37
4.2 The Result of Hypothesis Testing ............................................. 38
4.3 Discussion ............................................................................... 39
   4.3.1 Evaluation of the treatment Used .................................. 41
      4.3.1.1 Advantages ...................................................... 41
      4.3.1.2 Drawbacks ....................................................... 42

CHAPTER V: CONCLUSION AND SUGGESTION ............................. 43

5.1 Conclusion ............................................................................... 43
5.2 Suggestion ............................................................................... 43
