ACKNOWLEDGEMENTS

Alhamdulillahi robbil’alamiin, I would like to express my sincere thanks to Allah SWT who has given health, blessing, inspiration, and guidance in accomplishing this thesis entitled: “Scientific Approach Used by the English Teacher in Teaching Speaking at the Seventh Grade at SMPN 18 Malang”.

First of all, I would like to express my deepest sense of gratitude to my thesis supervisors, Dr. Hartono, M.Pd and Erlyna Abidasari, M.A., M.Ed. for being outstanding and excellent supervisors. I am indebted to them for encouraging the use of correct grammar and consistent notation in my writings and for carefully reading and commenting on countless revisions.

I owe a deep sense of gratitude to my research subject, the English teacher of Junior High School 18 Malang, Estu Mahanani S.Pd. for her cooperation, support, and encouragement. She offered her precious time to help in gathering the research data. I am thankful to the students of VII-H.

Additionally, My beloved best friends especially Andri and Ella who gave full efforts to help me to do the interview and observation.

Finally, I take this opportunity to express the profound gratitude from my deep heart to my beloved parents, grandparents for their love and continuous support both spiritually and materially.

October 16, 2017

The writer,

Elin Wika Sari

MOTTO AND DEDICATION........................................... ii  
STATEMENT OF WORK’S ORIGINALITY........................ iii  
ABSTRACT........................................................................ iv  
ACKNOWLEDGEMENTS.................................................. v  
TABLE OF CONTENTS..................................................... vi

## CHAPTER I: INTRODUCTION

1.1 Background of the Study .............................................. 1  
1.2 Statement of the Problems .......................................... 4  
1.3 Purposes of the Study .................................................. 5  
1.4 Significance of the Study .............................................. 5  
1.5 Scope and Limitation .................................................. 6  
1.6 Definition of Key Term ............................................... 6

## CHAPTER II: REVIEW OF RELATED LITERATURE

2.1 Curriculum for Junior High School .............................. 8  
2.2 Scientific Approach ................................................... 9  
2.3 Scientific Approach in the Learning Process .................. 10  
2.4 The Purposes and principles of Using Scientific Approach in the Learning Process .......................................................... 11  
2.5 The Implementation of Scientific Approach in the Lesson Plan .......... 12  
2.6 The Characteristics of Scientific Approach ..................... 13  
2.7 The Benefits of Scientific Approach in Learning Speaking ........ 13  
2.8 The Challenges of Scientific Approach in Learning Speaking ........ 15  
2.9 The Nature of Speaking ............................................ 15  
2.10 Teaching Speaking .................................................. 16
CHAPTER III: RESEARCH METHODOLOGY

3.1 Research Design ........................................................................................................... 18
3.2 Subject of the Study ......................................................................................................... 20
3.3 Research Instruments to Collect Research Data ......................................................... 20
   3.3.1 Observation Checklist .......................................................................................... 21
   3.3.2 Interview Guide ................................................................................................. 21
3.4 Data Collection .............................................................................................................. 22
3.5 Data Analysis .................................................................................................................. 23

CHAPTER IV: RESEARCH FINDINGS AND DISCUSSION

4.1 Research findings ............................................................................................................ 25
   4.1.1 The Way the Teacher implemented Scientific Approach in Teaching of Speaking .............................................................................................................. 25
   4.1.2 The Benefits of Scientific Approach in Teaching of Speaking ............................................................... 25
   4.1.3 The Challenges of Scientific Approach in Teaching of Speaking ............................................................... 28
4.2 Discussion ......................................................................................................................... 29

CHAPTER V: CONCLUSION AND SUGGESTIONS

5.1 Conclusion ....................................................................................................................... 33
5.2 Suggestions ..................................................................................................................... 34
