ACKNOWLEDGMENT

In the name of Allah, the Beneficent the Merciful.

My Lord has been most gracious and kind to me. There are no words good enough to thank Him for His goodness toward me through many people who have helped me to finish this thesis.

With all sincerity and honesty deep down in my heart, I would like to express my greatest gratitude sincerely to my first supervisor; Mrs. Rachmawati Khadijah Maro, S.Pd, M.ped., who never stopped believing that I could do and finish all of this. For my second supervisor; Mrs. Rosalin Ismayoeng G. S.S., M.A., who was never angry and tired of helping me understand the problems I was experiencing.

Many thanks are addressed to those in SMP Negeri 1 Dau Malang, especially to the headmaster of SMP Negeri 1 Dau Malang, who has given me a chance to conduct the action research project, the English teacher; Dra. Nurul Aprilianti and the students of VIII D of the academic year of 2017/2018, who have helped me much in the process of collecting data.

I am also grateful for my parents who never stop pray for me and give me advice and and being the only warm room I was looking for when I fell and was cold. For my two sisters; Pipin and Riris, who always support me and help me get up. Who have always showered me with love, affection, and prayers, and have been so patient in waiting for my graduation.

Many thanks are also due to my best friends Hanif and Wira, who never tired of hearing my complaints, who I always ask something I do not understand, who never mind the time spent helping me and never tiring of encouraging.

I would also like to express my gratitude to all other people who have helped and supportes me before and throughout the writing of this thesis. It is impossible, however to mention them all by name.

Finaly, I realize that this thesis might still need some improvements. However, I hope that this could give some contributions to the practice of English teaching and learning, especially at Junior High School level.
