## ACKNOWLEDGEMENTS

In the name of Allah SWT, the Most Gracious and the Most Merciful. All praises to Allah for the strengths and his blessings to me in completing my undergraduate thesis.

I would like to say million thanks to my thesis advisers: Drs. Soeparto, M.Pd. and Riski Lestiono, S.Pd, M.A who were sincerely helpful and always provided me with the constructive feedbacks. Having both of them as my advisers have been an honour for me, and I could not be more grateful than being supervised by them. I would not be able to complete my thesis without the advice from the Head of English Department: Sudiran M.Hum. There were lots of challenges during the completion of this study, but he could understand my situation and he was always being solution-oriented.

Loudest appreciation goes to AIESEC that grows me this far and activates my leadership capacity. At my first thesis proposal, I was unsure of the significance that my study would bring. After having a self-reflection, then I decided to bring up one of AIESEC projects as my study, so it would bring broader impact for the organisation and its stakeholder. Thank you for everyone who supported me to complete this thesis. Thank you for everyone who motivated me and thank you for those who underestimated me in completing this thesis. Their views on me really pushed me harder to do my best for my thesis.

I am also grateful for having the parents that always believe in me and always pray for me through my ups and downs. I could see that their prayers have been answered by Allah SWT. Special thanks to my aunt's family who regularly asked me the progress of my study and believed in my capacity to be a great person in the future.

There were lots of struggles and emotions during the completions of this thesis, and I believe that they played a role to shape me to be who I am today. However, any constructive feedbacks on this thesis would be highly appreciated. I hope this thesis will give contributions to the field of study, most importantly to language teaching and learning.
