ACKNOWLEDGEMENT

All praises be to Allah subhanalahta’ala, The Almighty, who has given me the strength, health and the opportunity in writing this thesis. Peace and salutation are also presented to our beloved Prophet Muhammad shallallahu ‘alaihiwasallam who has struggled whole-heartedly to deliver the truth to human being and guide his ummah to the right way.

First of all, I have to thank my research advisors, RiskiLestiono, M.A, and Dra. ThathitManonAndini, M.Hum. who have given me suggestion, direction, guidance and a great deal of time in completing this thesis. Without their assistance and dedicated involvement in every step throughout the process, this thesis would have never been accomplished. I would like to thank you very much for your support and understanding over these past four years.

Getting through my thesis required more than academic support, and I have many, many people to thank for listening to and, at times, having to tolerate me over the past these years. I cannot begin to express my gratitude and appreciation for their friendship, to all of my friends that have been unwavering in their personal and professional support during the time I spent at the University. For many memorable evenings out and in, I must thank everyone.

Most importantly, none of this could have happened without my family. My mother, ZazilatusShofiawho offered her encouragement through her support – despite my own limited devotion to correspondence. To my parents, it would be an understatement to say that, as a family, we have experienced some ups and
downs in the past these years. Every time I was ready to quit, you did not let me and I am forever grateful. This thesis stands as a testament to your unconditional love and encouragement.

Finally, I realize that this thesis is far from the perfection. Therefore, I appreciate for any critics and suggestions in order to make this thesis better.
