## ACKNOWLEDGMENT

The researcher would like to express her gratitude to God the Almighty for the blessing, love, opportunity, health, and mercy to complete this undergraduate thesis. This undergraduate thesis entitled “Cross-Cultural Communication in Exchange Participant of ‘English Teaching’ AIESEC Global Volunteer Program in Thailand.” is submitted as the final requirement in accomplishing the undergraduate degree at University of Muhammadiyah Malang, English Language Education Department.

In arranging this thesis, a lot of people have provided motivation, advice, and support for the researcher. In this valuable chance, the researcher intended to express her gratitude and appreciation to all of them. First, the researcher’s deepest appreciation goes to her beloved parents, her mother, Titik Puji Astuti, for the endless love, pray, and support, and her father, Gunarto, and my grandmother, Bude for the phone call every week in order to remind me to keep going and never giving up.

This thesis would not have been possible without the help, support and patience of my first advisor, Dr. Sri Hartiningsih, M.M for her supervision, advice, and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the past few years. Then to her second advisor, Masyhud, M.Pd who has helped her patiently finishing this undergraduate thesis by giving suggestion, guidance, and correction until the completion of this thesis.

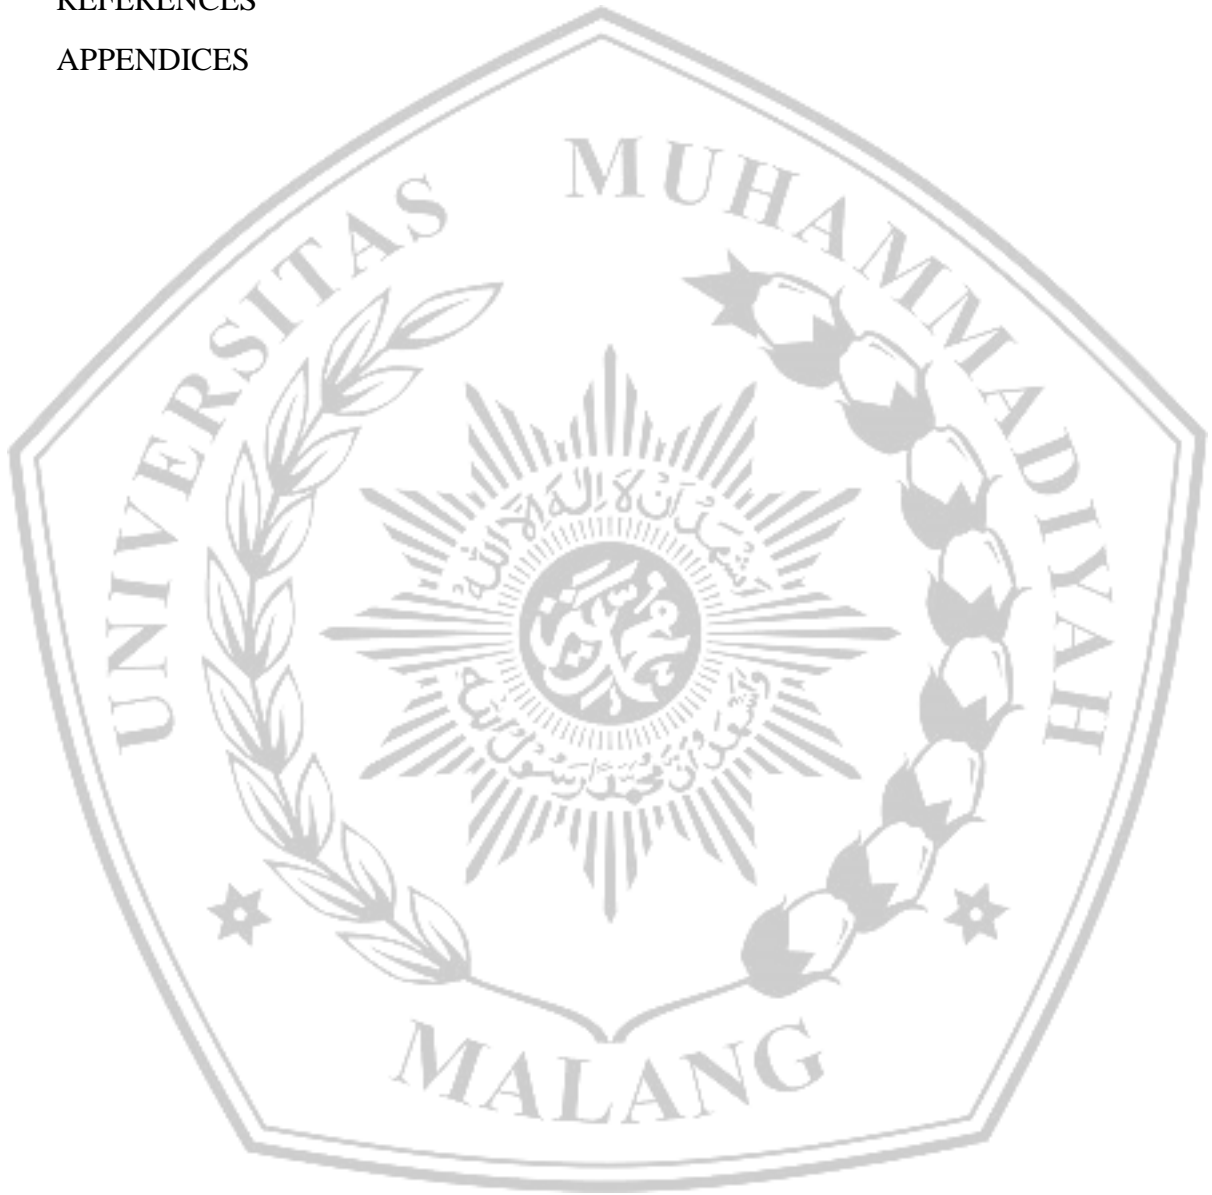

I am very grateful to have some close friends who always support me. The first appreciation goes to Muliana for always be a good listener for every problem I faced. Your opinions never stop surprise me and also allow me to see my problem from a different angle. Also want to express my appreciation to my two beautiful partners, Safira and Faizah who encourage me to finish this paper.

Lastly, I would like to thank me for believing in me, for doing all of this hard work, for having no days off, never quitting. I would like to thank me for always being a giver, and try to make more than I receive. This undergraduate thesis is far from perfect, but it is expected that it will be useful not only for the researcher, but also for the readers. For this reason, constructive thoughtful suggestion and critics are welcomed.
